divided committee amendment, FA78.

SENATOR BROMM: Okay, thank you, Mr. Speaker. And I...I appreciate Senator Chambers' points and examination of the amendment. Again, we will make sure, as this fits together, that we're referencing the right sections. But I have read each of those sections, 17, 18, 19, and et cetera, and I think that they're properly drafted. I think that...I think that this is the section that Senator Chambers and I spoke some over the noon hour about, and that we had agreed to an amendment on. And so we'll want to take that up. But I think that the appeals procedures, after adoption of this section and it's placed in the law, will really be clearer for those people who feel that they are aggrieved or not treated properly by an order or decision of DMV. And so I'm hopeful that it will be a good section to reform and make...to clarify. So, with that, I will cease my opening and yield the rest of the
